

Welcome

Genomic, Evolutionary and Epidemiological Approaches for Pandemics

- **RAMP Continuity Network** (Rapid Assistance in Modelling the Pandemic) - deliver a series of meetings, workshops and virtual study groups that react to key priority areas in the UK's response to the current pandemic.
- Guided by links with the **JUNIPER** (Joint UNIversities Pandemic and Epidemiological Research) – thank you to **Dr Ciara Dangerfield** and **Prof Julia Gog**.
- Academic Organiser: **Dr David Pascall**

Zoom Housekeeping

- 7 talks (25mins + **5 mins for Q&A**) across 2 session themes:
 - 1) Pathogen Emergence and Novel Variants (Chair: Ciara Dangerfield)
 - 2) Genomic and Epidemiological Models and Techniques (Chair: David Pascall)
- **Talks are recorded, but final Discussion slot will not be recorded.**
- **Please stay muted throughout the talks** - use the chat/raise your hand if you wish to speak.
- **Any Zoom related issues** please either post in Chat or email Claire Bonner at c.bonner@newton.ac.uk.
